

# 2015 EXTENDED YOUTH SEASON ELK HUNTS

## List of Eligible Hunts by Unit Groups

### ***Do you have an unfilled elk license but aren't sure where to hunt in the extended youth rifle seasons?***

Extended youth season elk hunts are open to youths who have a limited cow or either-sex elk license that they haven't filled after the original season on their license has ended. Licenses must be valid for the current hunting year.

- Youths may hunt in only the seasons and units that are marked as open to hunting in the tables below. The dates youths may hunt are listed below. Pay close attention to these dates, they are different in each unit.
- Extended youth season licenses and converted licenses will NOT be transferable to hunt anywhere in the state. Youths must hunt within a designated group of units near where their original license was valid. *See the map at the end of this list for details.*
- Youths may only hunt during the rifle season in the units on the map that are a solid color. Striped or white colored units are closed to the extended youth season hunting.

### **Youths can **NOT** hunt the extended youth season with:**

- » Unfilled over-the-counter either-sex or cow archery tags
- » Unfilled bull elk tags
- » Unfilled either-sex plains rifle elk tags

### **Extended Youth Season hunting rules:**

1. The original license must be for an antlerless or either-sex elk hunt in the current hunting year that has a limited number of licenses available.
2. The season including all season splits for which the original license was issued must have ended; this includes youth licenses for Ranching for Wildlife properties.
3. Youths must follow all the rules of hunting during the rifle season, including wearing blaze orange and using a method of take allowed in the rifle season.
4. Youths must follow the restrictions of the hunt they select in the table below, including season dates and geographic restrictions such as "private land only." Permission is required before hunting on private land.
5. Youths cannot choose a Ranching for Wildlife property to hunt in the extended youth season.
6. A mentor who meets hunter education requirements must accompany youths 16 and younger.
7. Mentors don't have to hunt, but can do so with the youth only if the mentor's license is valid for the same rifle season, unit and with the same hunt restrictions for which the youth will be hunting.
8. Youths who obtained their original license at age 17 and later turn 18 can participate in these extended seasons. Youth hunting rules still apply, even though the hunter is 18 while hunting.
9. At age 11, youths can buy or apply for a license if they turn 12 before the end of the season on their original license. Youths cannot hunt with the license until they turn 12.
